PRESS RELEASE

Level 3 Associates Organizes a NDT Industry “Meet and Greet” Designed To *Bridge the Gap* Between the NDT Industry and Its Professionals

Marietta, GA – Level 3 Associates is organizing a “Meet and Greet” networking event for individuals from all sectors working in the NDT industry. This networking event will allow NDT career professionals the opportunity to facilitate a line of communication and exchange information and ideas amongst other individuals with similar career backgrounds.

The primary purpose of this networking event is to bring awareness for the needs of Level 3 Associates and its services, while also expanding the knowledge and taking advantage of the viewpoints and prior experience of those who attend.

This Free event will be held from 6:30pm- 8:30pm on Wednesday, August 28th, 2019 at Elevation Chophouse & Skybar, 1723 McCollum Pkwy NW #600, Kennesaw, GA 30144, and is open to all NDT professionals. At this event, attendees will have the chance to meet and socialize while establishing a mutually beneficial relationship with other business people in their industry.

“This event is well overdue. For the NDT industry to be so small we see a need to make a big impact and let everyone know who we are and what we do. Introducing ourselves (Level 3 Associates) to other NDT companies allows us to grow our network and it provides a platform for other companies to do the same.” stated Simone Merritt, Director of Business Operations at Level 3 Associates.

This networking event is a great way to reach out to the NDT community in order to connect and build professional relationships with one another.

To register to attend the Meet and Greet and to find out more information about the event, visit: <https://www.eventbrite.com/e/level-3-associatesnon-destructive-testing-meet-greet-networkingevent-registration-61821358347?aff=ebdssbdestsearch>
